

Innovation Prize Guide

Vision :

- Highly motivated Employees toward Innovation in the ministry.

Objectives :

- Creating the culture of Innovation in the ministry.
- Opening the doors for innovative ideas and turn it to tangible results adding value to the process and services of the ministry.
- Increasing the Productivity of Innovation in the ministry.

The prize invites all employees for participation and gives them the chance to discover their innovation capabilities. Employees can choose one or more of the following branches of the Prize:

The Best Innovative Idea

The Employee can participate with the ideas of innovation registered with his or her name. The Best three ideas will be announced as the winners ideas.

The best supportive employee of Innovation

The employee can submit his or her own initiatives of supporting the ministry initiatives of innovation. Submissions will be evaluated and winners will be selected.

The best Innovative Service

The Employee can participate with the services of innovation registered with his or her name. The Best three services will be announced as the winners ideas.

The Best Innovation Article

The employee can participate with an article describing innovation in his or her own field of speciality or any other subject of choice as long as it relates to the ministry's main core business, services and process addressing the national agenda 2021.

The Best Innovative Prototype

The Employee can participate with the prototype under development. The best prototype will be selected and announced as the winner.

The Best Innovation Research

The employee can participate with a specialized research paper. As research is the heart of innovation. Research methodologies and details will be provided in a detailed document.

The Best Stakeholder of Innovation

The best stakeholder of innovation will be selected.

The best Innovative Employee

The employee can submit his or her own initiatives of innovation. Submissions will be evaluated and winners will be selected.
